

Our centre allows your loved ones to interact, socialise and enjoy planned activities in a group setting while still receiving essential care services.

Our Purpose Statement

At **Hannah Seniors Activity Centre**, we strive to reach out, in partnership with the community, to engage and support the seniors to age-in-place for as long as possible.

Social and Recreational Activities

As we get older, we may find that we finally have more time to do the things we've always wanted to do. For example, we could explore new hobbies. Unfortunately, some senior citizens do their hobbies alone, failing to interact with others. As a result, they suffer from isolation, which can also affect both their physical and mental well-being.

Activities of Daily Living (ADLs)

As part of ensuring the health of our elderly patrons, our ADLs programme makes use of diverse types of health regimes, such as:

- Functional Mobility & Gait Training
- Active & Passive Exercises
- Caregiver Training & Client Education
- Community Integration Activities

Meals & Transport

We provide meals (breakfast, lunch and 2 teabreaks).

Transport, if required, can be arranged. Additional charges will apply.

Daytime Care

Our care service starts from 7:00am and ends at 7:00pm. Rest assured that your loved ones will be in good hands and will be well looked-after, so that they can live life to the fullest, regardless of age.
